MUSIC RELEASE EXCLUSIVELY FROM ONLINE COLLABORATION.

Unique group releasing original music created solely via online collaboration.

(Worldwide) April 27, 2018 -- "Peoples" is a unique full album length recording created entirely online via modern recording and collaborative techniques. "Phonograph Team Project" formed three years ago after meeting at an online social networking site for musicians. Even though having never met or performed together in person, they found common ground in their music despite being from different parts of the world, including, the US, Canada and Italy. "Phonograph Team Project" has two very well received prior releases including their debut, "3 Steps to 4" in which every song has an accompanying video featuring the musicians recorded performance.

Written, created and recorded online over the last year "Peoples" features nine original compositions in the "Electronic/Rock/Jazz/Funk" vein.

Suggested tracks: Springer, Zeroing In, 2:30, The Romance

About The Band: Phonograph Team Project, consists of DV Wright (US): Guitar, Tommaso Monopoli (Italy): Drums, Gianluca Grasso (Italy) : Keyboards, Rob Glass (Canada) : Bass (and Don Kennedy (US) : Audio Engineering)
